RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents
Washington, D. C. 20231

This response is a response to a restriction requirement mailed November 13, 2002 in the above identified application. Applicant provisionally elects, with traverse, the invention that the Examiner has designated as Invention I (Claims 1-24 and 74-82) drawn to composition claims for controlled temperature induction heating.

REMARKS

The Examiner has restricted claims in the case to nine distinct inventions designated as Invention I, claims 1-24 and 74-82 drawn to composition claims for controlled temperature induction heating, Invention II, claims 25-46 drawn to a method of controlled temperature heating of a thermoplastic material, Invention III, claims 47-52 drawing to a method for preparing a material for controlled temperature heating of a material containing ferromagnetic particles with magnetic dipoles, Invention IV, claims 53-68, drawn to an apparatus for heating a thermoplastic material, Invention V, claims 69-73, drawn to a method of controlling the temperature of a polymeric material, Invention VI, claims 83-87, drawn to a bonding thermoplastic, Invention VII, claims 88-93, drawn to an apparatus for heating materials,
